Introduction

The following Charges Statement sets out the principles and methods used to determine charges for Gas Distribution Disconnection Services. This applies to individual disconnections at an **existing domestic property** (consumption less than 73,200 kWh per annum) connected to an Indigo Pipelines Limited network, as per our Gas Transporters Licence Condition 4b.

Indigo Pipelines Limited is committed to delivering the best possible service to our consumers. The operation of Indigo Pipelines' network assets has been contracted to SSE Energy Solutions, a trading name of SSE Utility Solutions Ltd, part of SSE plc. SSE is a major utility with many years of experience building and operating public gas networks.

Indigo Pipelines aims to recover those costs it reasonably expects to incur when we provide disconnection services via our contractor SSE Energy Solutions. Charges reflect the cost of labour, materials and any other expenses required to carry out the work of the customers' requirements. Each cost element will include an appropriate level of overhead.

This Disconnection Charges Statement replaces any statement previously published by Indigo Pipelines under its current name or former name of SSE Pipelines Limited.

Important Information

The following types of disconnections from an Indigo Pipelines network will be quoted on a case-by-case basis:

- Industrial & Commercial Disconnections
- Multi-Site Disconnections
- Applications from Housing Developers, Agents, or Landlords*

* Evidence in respect of the identification of the person who owns / occupies a premise may be required.

Disconnections will be made at the Indigo Pipelines gas main where the service will be disconnected from our network, the service pipe to your property will not be removed. To find out the location of your Indigo Pipelines gas main, please contact our contractor, SSE Energy Solutions, you can find their contact details in the 'Contacting Us' section of this document.

All disconnections are quoted **without** the removal of any metering equipment. To arrange disconnection and removal of any metering equipment, please contact your Registered Supplier. **The meter must be removed prior to the service being disconnected.**

Quotations are provided based on information supplied by the requestor; if this information is found to be incorrect, Indigo Pipelines reserve the right to charge an additional fee to cover the costs of any additional work required.
